CAP Report 124

July 2008

CAP is a cross-college, cross-campus University of Minnesota initiative coordinated by the Center for Urban and Regional Affairs.

Funds for this CAP project were generously provided by the Blandin foundation.

This is a publication of the Center for Urban and Regional Affairs (CURA), an all-University applied research and technology center at the University of Minnesota that connects faculty and students with community organizations and public institutions working on significant public policy issues in Minnesota. The content of this report is the responsibility of the author and is not necessarily endorsed by CAP, CURA or the University of Minnesota.

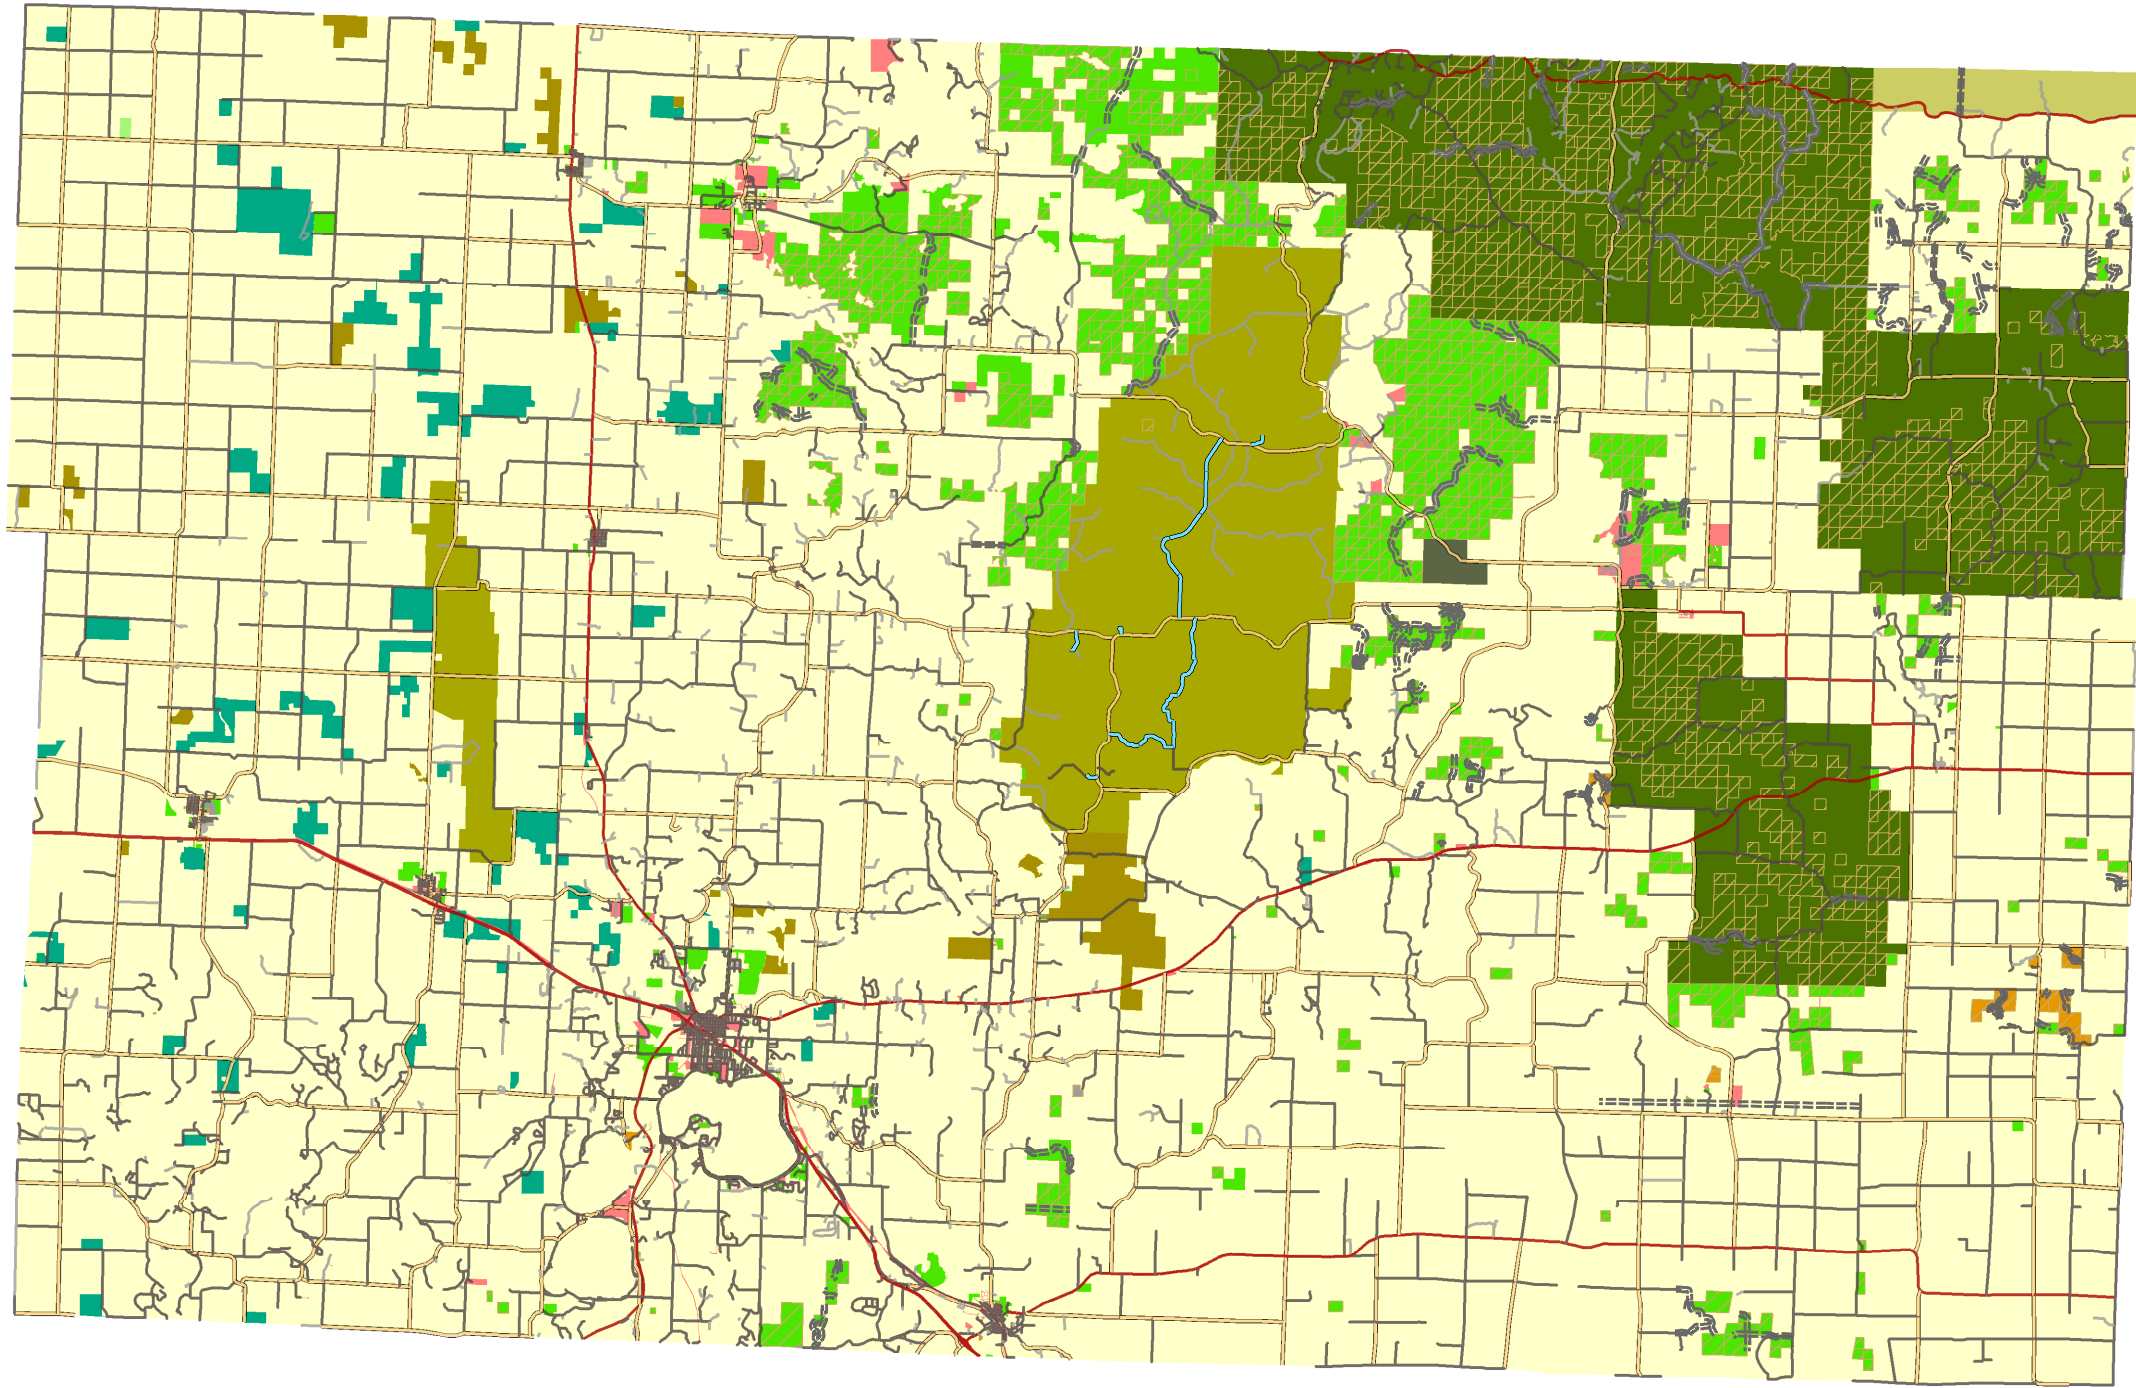

© 2008 by The Regents of the University of Minnesota. This publication may be reproduced in its entirety (except photographs or other materials reprinted here with permission from other sources) in print or electronic form, for noncommercial educational and nonprofit use only, provided that two copies of the resulting publication are sent to the CURA editor at the address below and that the following acknowledgment is included: "Reprinted with permission of the University of Minnesota's Center for Urban and Regional Affairs (CURA)." For information regarding commercial reprints or reproduction of portions of this publication, contact the CURA editor at the address below.

This publication may be available in alternate formats upon request.

## Sensitive Shoreland Impact Zone Parcels, Becker County, MN

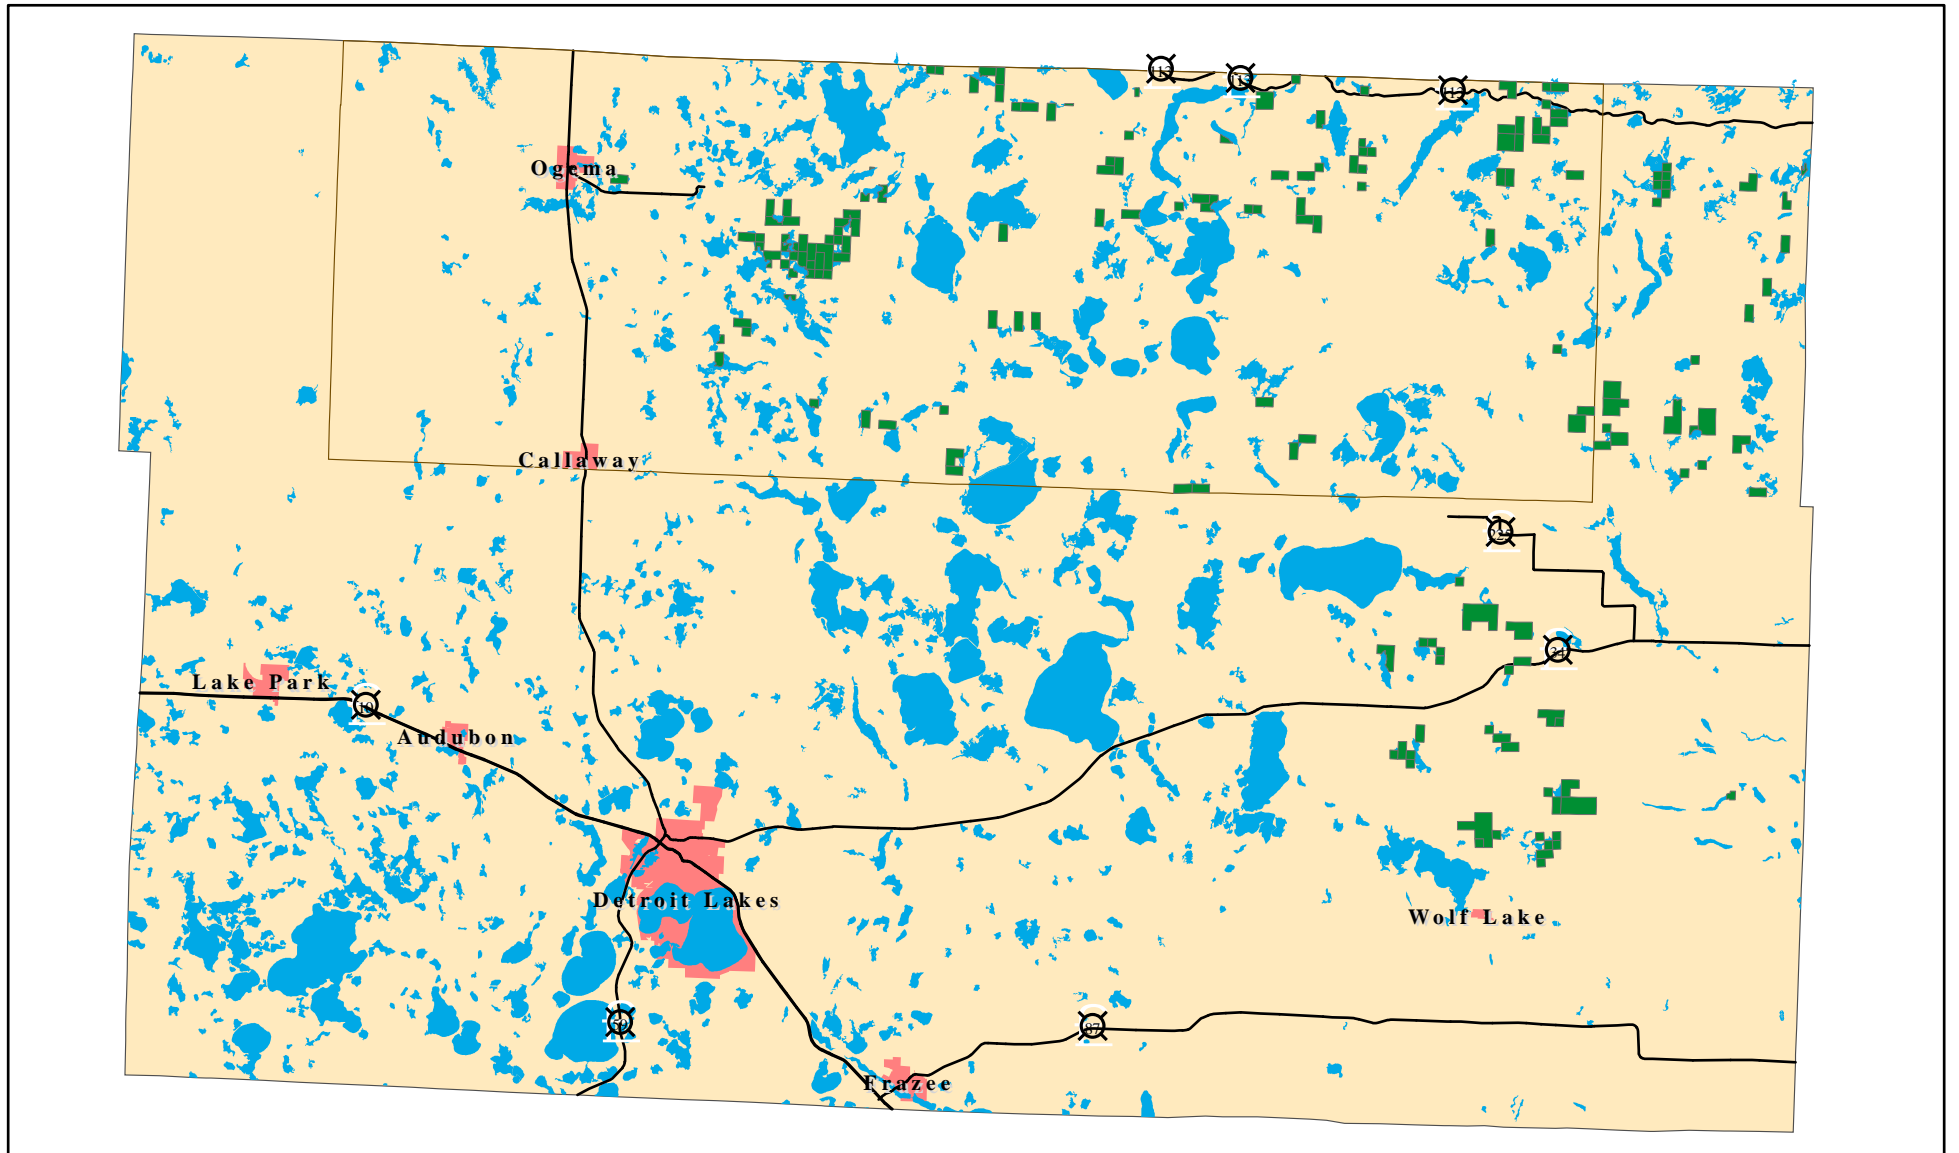

### Legend

- Sensitive impact zone parcel
- Lake
- Municipality
- White Earth
- Major road

Identified parcels are undeveloped parcels that contain land within a shoreland impact zone (within 75 feet of a natural environmental lake, 50 feet of a recreational development lake, or within 37.5 feet of a general development lake) and that have maximum slopes of 18% or greater and hydric soils.

H.Sander, June 2007

## Tax-Forfeited Sensitive Shoreland Impact Zone Parcels, Becker County, MN

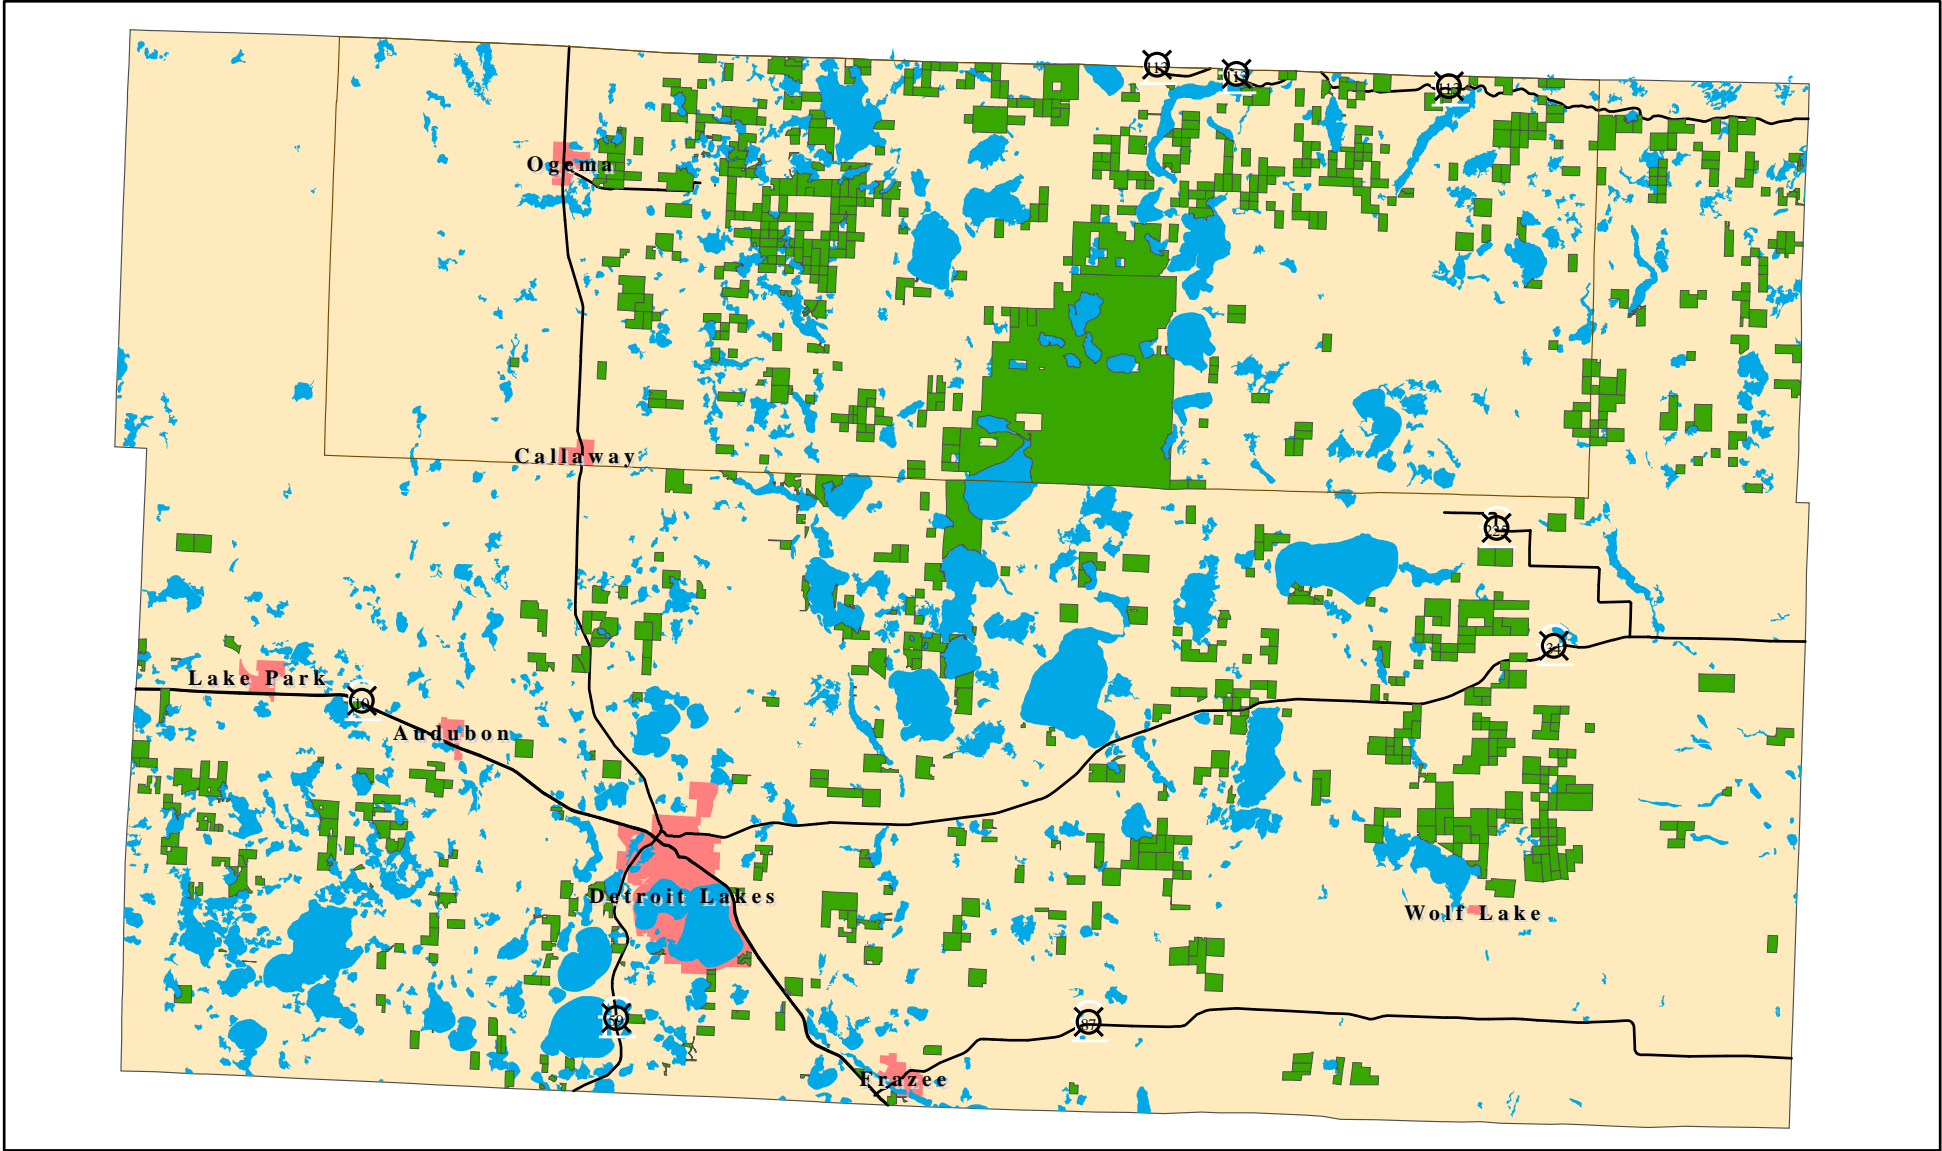

### Legend

- TFF Sensitive Impact Zone Parcel
- Municipality
- Lake
- White Earth
- Major road

Identified parcels are undeveloped, tax-forfeited parcels that contain land within a shoreland impact zone (within 75 feet of a natural environmental lake, 50 feet of a recreational development lake, or within 37.5 feet of a general development lake) and that have maximum slopes of 18% or greater and hydric soils.

H.Sander, June 2007

Sensitive Shoreland Parcels, Becker County, MN

Legend

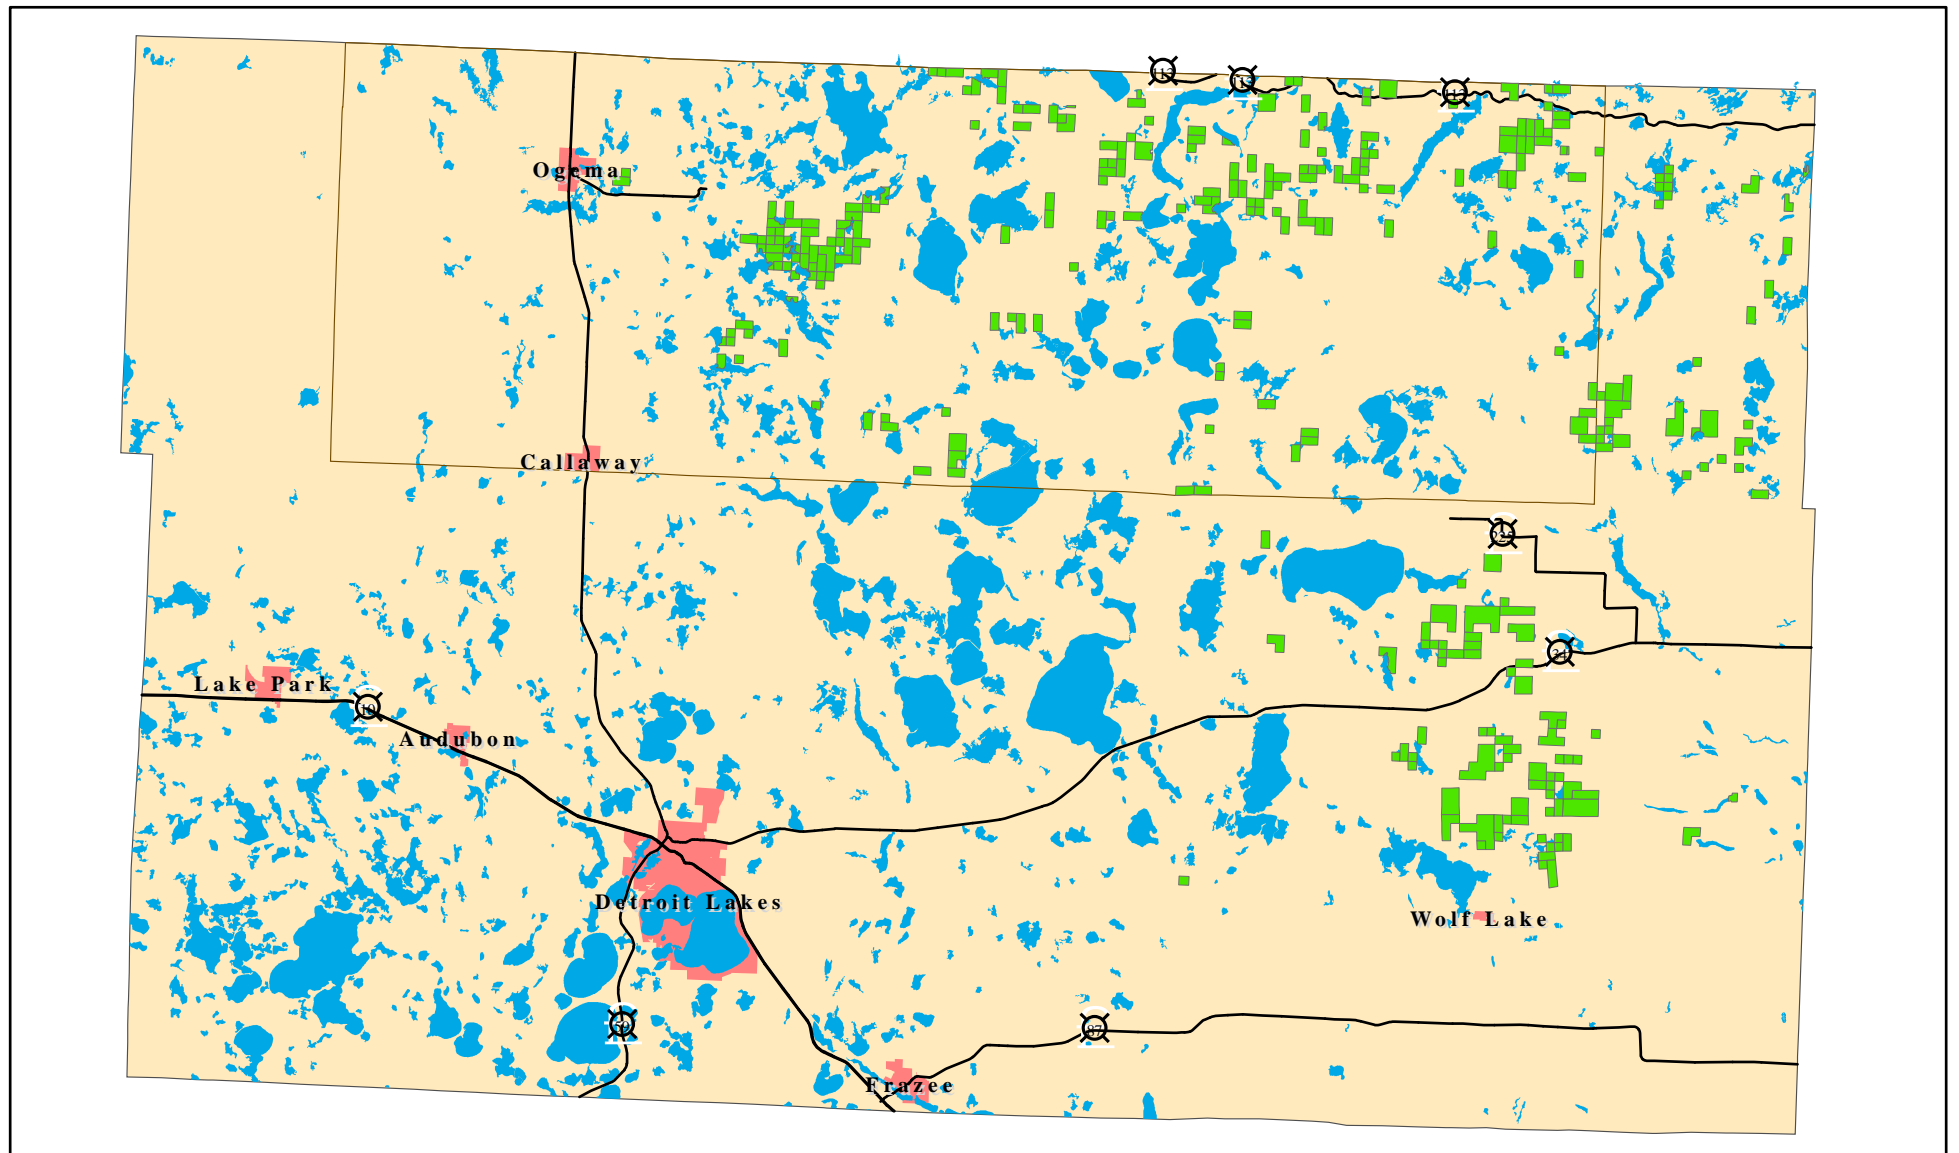

- Sensitive shoreland parcels
- Lake
- Municipality
- White Earth
- Major road

Identified parcels are undeveloped parcels that contain land classified as shoreland (within 1000 feet of a lake or within 300 feet of a river or stream) and that have maximum slopes of 18% or greater and hydric soils.
